FULL DAY TOUR: (approx. 11 hours) | Flight Time 5 hours
WHAT TO BRING: Comfortable walking shoes, Sun smart items

Bungle Bungle Explorer Experience

Departing Broome, your journey begins with a scenic flight east over the turquoise waters of Roebuck Bay, before tracking inland across the mighty Fitzroy River, Fitzroy Crossing township and the striking limestone formations of Geikie Gorge enroute to Purnululu National Park.

Arriving over the Bungle Bungle Massif, enjoy a breathtaking aerial circuit of the iconic beehive-shaped domes. From above, sweeping views reveal a hidden world of deep gorges, palm-filled chasms and secluded pools, with fan palms clinging dramatically to the ancient rock walls.

Touching down at the remote Bellburn Airstrip, enjoy morning tea and refreshments before meeting your guide from Bungle Bungle Guided Tours to begin your on-ground adventure. Set out on a guided 3km walk through this extraordinary landscape, weaving among the famous black and orange banded domes and into the heart of Cathedral Gorge. Up close, you'll see the distinct sediment layers and protective banding formed by iron oxide and cyanobacteria, giving the Bungles their unmistakable appearance.

Follow a meandering creek bed through towering beehive domes and honeycomb rock formations to the natural amphitheater of Cathedral Gorge, renowned for its sheer scale, beauty and remarkable acoustics. A light pack is provided, allowing you to enjoy your included lunch and refreshments within the gorge itself. Some uneven terrain, steps and a ladder within the gorge add to the sense of adventure.

After returning to the airstrip for refreshments, you'll board your flight back to Broome, enjoying spectacular aerial views of the Wunaamin-Miliwundi Ranges, Devonian Reef Conservation Park and Windjana Gorge along the way.

BUNGLE BUNGLE
GUIDED TOURS

*A reasonable level of fitness and sturdy footwear is required. There are some areas of uneven ground as well as walking on sand in Cathedral Gorge.
