WHAT TO BRING: Overnight bag (10kg per person), Swimwear, towel, hat, enclosed shoes (reef shoes ideal), sunscreen, camera

### Cygnets Bay Adventure Safari Highlights

- Departing Broome, we fly over King Sound, home to Australia's largest tides and amongst the highest in the world.
- See the Horizontal Waterfalls from above, described by David Attenborough as the '8th Natural Wonder of the World!'
- Marvel at the beautiful view of the Buccaneer Archipelago, home to 1,000 incredible islands made up of Precambrian sandstone over 2 billion years old.
- Overfly Koolan & Cockatoo Island, home to the world's richest iron ore deposits.
- Explore Kooljaman, Cape Leveque as we stop for light refreshments, a quick swim and enough time to see the beautiful beaches of red rock, white sand and turquoise waters.
- We then take the short flight across to Cygnets Bay Pearl Farm, where we are transferred to the accommodation/restaurant for a delicious lunch. After lunch and a quick dip in their on-site pool, enjoy a Pearl Farm Appreciation Tour and then check-in to your Bay View Safari Tent.
- After check-in, experience a true Kimberley sunset at a stunning beach location. Cruise out in an amphibious vessel 'sea legs' on your way to a deserted oasis for a swim and then relax in style as you take in 'champagne hour' with a bottle of sparkling.
- On return, enjoy a delicious dinner before retiring for the night.
- The following morning after breakfast and check out, enjoy a Borrogoron Coast to Creek Tour, discovering Cygnets Bay with a 4th generation pearler and proud Bardi man.
- Share in the stories as you explore the tidal flats, forage for oysters and learn some of the traditional coastal hunting techniques.
- This 2-hour walking tour requires a reasonable level of fitness as you cross the rocks at low tide under the beautiful Kimberley sun. Enclosed shoes (reef shoes ideal), water bottle, hat and sunscreen are recommended.
- After the tour, have lunch and then witness a tidal phenomenon that has to be seen to be believed. This ultimate Sea Safari showcases the unique reefs and tides only found in the Kimberley.
- Feel the power of the world's largest tropical tides as you cruise amongst the giant whirlpools and standing tidal waves. Experience an abundance of islands which form the Buccaneer Archipelago, combined with the world's largest tropical tides.
- After the sea safari, we then head back to the airstrip for a scenic flight to see the spectacular bays and beaches of the Dampier Peninsula, Beagle Bay, James Price Point, Willie Creek and Broome's world-famous Cable Beach as we track coastal southbound back to Broome.

CYGNETS BAY PEARL FARM

\*During neap tides, the Giant Tides Sea Safari is replaced by the Kimberley Island Explorer Boat Tour. This neap tide experience traverses the intertidal zones of the beautiful and deserted 'thousand islands' which make up the Buccaneer Archipelago. Due to scheduled tours at Cygnets Bay Pearl Farm, we cannot guarantee the amount or level of water flowing through the Horizontal Waterfalls at our chosen time of arrival. Whilst we provide water throughout the tour, we do recommend bringing your own water bottle to ensure you are kept well hydrated in the extreme Kimberley heat. Alcoholic beverages not included in the tour package unless provided however, can be purchased separately at the on-site restaurant and bar. A selection of non-alcoholic beverages will be available at meal times and water is supplied throughout the tour.
